

UNIVERSITY OF TEXAS AT AUSTIN

Quiz #5**R.**

Problem 5.1. (15 points) If you have not already done so, please, install **R** and then **RStudio** on your computer using the instructions available at:

<https://gordanz.github.io/cudina/M339J/instructions/m358k-R-instructions.html>

Then, in the console of **RStudio**, run the command which prints out your name. Take a screenshot and upload it to Canvas. The screenshot should clearly contain the entire **RStudio** interface and should have your command and its output in the console.
