M358K: Topics for In-Term Three

☐ The normal approximation to the binomial.

☐ A single proportion: Confidence intervals.

☐ A single proportion: Hypothesis testing.

☐ Two proportions: Confidence intervals.

☐ Two proportions: Hypothesis testing.

☐ The χ^2-distribution.

☐ The goodness-of-fit test.

☐ The χ^2-test of independence.

☐ t-procedures: Single mean: Confidence intervals.

☐ t-procedures: Single mean: Hypothesis testing.

☐ t-procedures: Paired data: Confidence intervals.

☐ t-procedures: Paired data: Hypothesis testing.
